

BEHIND THE SWITCH

Affordability. Reliability. Diversity.

Georgia Power has introduced a new **online video series** – Behind the Switch (BTS) that shows the company's commitment to providing some of the country's most reliable energy at rates below the national average.

The new BTS series focuses on the company's evolving diverse generation portfolio of Nuclear, Hydro, Coal, Solar and Natural Gas.

Behind the Switch also spotlights Georgia Power's diverse powerful people who supply customers safe, reliable and affordable energy every day.
